**AMENDMENT TWO
TO FA-07-17115-00**

This Contract Amendment is made and entered by and between the State of Tennessee, Department of Finance and Administration, Division of Mental Retardation Services, hereinafter referred to as the "State" and Public Partnerships, LLC, hereinafter referred to as the "Contractor." It is mutually understood and agreed by and between said, undersigned contracting parties that the subject Contract is hereby amended as follows:

1. The text of Contract Section B.1. is deleted in its entirety and replaced with the following:

B.1. This Contract shall be effective for the period commencing on November 1, 2006 and ending on October 31, 2011. The State shall have no obligation for services rendered by the Contractor which are not performed within the specified period.

2. The text of Contract Section C.1. is deleted in its entirety and replaced with the following:

C.1. Maximum Liability. In no event shall the maximum liability of the State under this Contract exceed three million, five hundred thirty eight thousand, seven hundred three dollars and no cents (\$3,538,703.00). The payment rates in Section C.3 shall constitute the entire compensation due the Contractor for the Service and all of the Contractor's obligations hereunder regardless of the difficulty, materials or equipment required. The payment rates include, but are not limited to, all applicable taxes, fees, overheads, and all other direct and indirect costs incurred or to be incurred by the Contractor.

The Contractor is not entitled to be paid the maximum liability for any period under the Contract or any extensions of the Contract for work not requested by the State. The maximum liability represents available funds for payment to the Contractor and does not guarantee payment of any such funds to the Contractor under this Contract unless the State requests work and the Contractor performs said work. In which case, the Contractor shall be paid in accordance with the payment rates detailed in Section C.3. The State is under no obligation to request work from the Contractor in any specific dollar amounts or to request any work at all from the Contractor during any period of this Contract.

3. The following provision is added as Contract Section E.20:

E.20. Voluntary Buyout Program. The Contractor acknowledges and understands that, for a period of two years beginning August 16, 2008, restrictions are imposed on former state employees who received a State of Tennessee Voluntary Buyout Program (VBP) severance payment with regard to contracts with state agencies that participated in the VBP.

- a. The State will not contract with either a former state employee who received a VBP severance payment or an entity in which a former state employee who received a VBP severance payment or the spouse of such an individual holds a controlling financial interest.
- b. The State may contract with an entity with which a former state employee who received a VBP severance payment is an employee or an independent contractor. Notwithstanding the foregoing, the Contractor understands and agrees that there may be unique business circumstances under which a return to work by a former state employee who received a VBP severance payment as an employee or an independent contractor of a State contractor would not be appropriate, and in such cases the State may refuse Contractor personnel. Inasmuch, it shall be the responsibility of the State to review Contractor personnel to identify any such issues.

- c. With reference to either subsection a. or b. above, a contractor may submit a written request for a waiver of the VBP restrictions regarding a former state employee and a contract with a state agency that participated in the VBP. Any such request must be submitted to the State in the form of the *VBP Contracting Restriction Waiver Request* format available from the State and the Internet at: www.state.tn.us/finance/rds/ocr/waiver.html. The determination on such a request shall be at the sole discretion of the head of the state agency that is a Party to this Contract, the Commissioner of Finance and Administration, and the Commissioner of Human Resources.

The revisions set forth herein shall be effective on the date of final approval by the appropriate State officials in accordance with applicable Tennessee State laws and regulations. All other terms and conditions not expressly amended herein shall remain in full force and effect.

FISCAL REVIEW

Re: Public Partnerships, LLC
Contract Number FA-07-17115-00
Request Non-Competitive Amendment

Dear Mr. White:

Pursuant to Tennessee Code Annotated 12-4-109, a request for a non-competitive contract amendment between the Department of Finance and Administration, Division of Mental Retardation Services (DMRS) and Public Partnerships, LLC for Financial Administration and Supports Brokerage services is submitted for review by the Fiscal Review Committee.

DMRS entered into a contract with Public Partnership, LLC, effective November 1, 2006 to provide Financial Administration and Supports Brokerage to participants of the Tennessee Self-Determination Waiver Program (SDWP).

The reason for the proposed amendment is that the Department of Finance and Administration, Bureau of TennCare included an analysis of contract language that is required for this contract in their response to a letter from the Centers for Medicare and Medicaid services regarding the renewal of Tennessee's Self Determination Waiver Program for Individuals with Mental Retardation and found that additional language needed to be added to the contract for the State's compliance with The Code of Federal Regulations (CFR) Title 42.

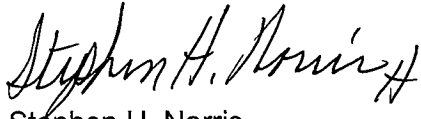

The contract, awarded through the State's RFP process, began on November 1, 2006 and is due to expire on October 31, 2008. Although the base contract contains a provision in Section B.2. to extend the contract term, it does not provide for any change in the scope of services.

In addition to extending the contract term and increasing funding for the additional term, the proposed contract amendment adds the required language per CFR 42 in the new Section A.10. of the contract.

A copy of the proposed amendment along with a copy of the base contract and the request to use the non-competitive amendment procurement process are enclosed. Please let me know if any additional information is required.

Your assistance for review of this proposed amendment for approval is appreciated.

Sincerely,

**CONTRACT
BETWEEN THE STATE OF TENNESSEE,
DEPARTMENT OF FINANCE AND ADMINISTRATION,
DIVISION OF MENTAL RETARDATION SERVICES
AND
PUBLIC PARTNERSHIPS, LLC.**

This Contract, by and between the State of Tennessee, Department of Finance and Administration, Division of Mental Retardation Services, hereinafter referred to as the "State" or "DMRS" and Public Partnerships, LLC., hereinafter referred to as the "Contractor", is for the provision of Financial Administration and Supports Brokerage, as further defined in the "SCOPE OF SERVICES".

The Contractor is a limited liability company. The Contractor's address is:

148 State Street, 10th Floor
Boston, Massachusetts 02109

The Contractor's place of incorporation or organization is Delaware.

A. SCOPE OF SERVICES:

A.1. Description. The Contractor shall provide Supports Brokerage and Financial Administration Services to participants of the Tennessee Self-Determination Waiver Program (SDWP).

- a. Supports Brokerage is an activity designed to enable a Self-Determination Waiver Program (SDWP) participant, referred to as the "waiver participant", to manage participant-managed services and assist the waiver participant to locate, access, and coordinate needed services. A Supports Broker (SB) serves as a link between the waiver participant or the waiver participant's guardian/conservator, providers and Financial Administration entity. The waiver participant or the waiver participant's guardian/conservator must retain authority and responsibility for self-direction. A waiver participant or the waiver participant's guardian or conservator who elects self-determination may select a SB to provide the following assistance in managing participant-managed services:
 - 1. Provide training to the waiver participant concerning self-determination.
 - 2. Assist the waiver participant or the waiver participant's guardian or conservator in the recruitment of providers of participant-managed services.
 - 3. Assist the waiver participant or the waiver participant's guardian or conservator in the scheduling, training and supervision of providers of participant-managed services.
 - 4. Assist the waiver participant or the waiver participant's guardian or conservator in managing and monitoring the self-determination budget.
 - 5. Assist the waiver participant or the waiver participant's guardian or conservator in monitoring and evaluating the performance of providers of participant-managed services.

6. Maintain contact with the waiver participant or the waiver participant's guardian or conservator to ensure that needed services are being provided.
 7. Participate in the development of the Individual Support Plan (ISP)/plan of care (if requested by the waiver participant or the waiver participant's guardian or conservator).
 8. The SB must notify the waiver participant's DMRS Case Manager in the event of concerns about service delivery problems or issues that affect health and welfare.
 9. A SB also may be engaged to assist in locating and securing services, supports (including informal, unpaid supports) and other community resources that promote community integration, community membership and independence, as provided in the ISP/plan of care. A SB shall collaborate with but not duplicate the functions of the waiver participant's DMRS case manager.
- b. Financial Administration (FA) facilitates the employment of service providers by the waiver participant and the management of the self-determination budget. FA is available only to waiver participants who self-direct services. The use of FA is mandatory whenever the waiver participant is the employer of record of one or more service workers. FA is necessary to assure that participant-managed funds specified in the ISP/plan of care are managed and distributed as intended. Financial Administration consists of the following responsibilities:
1. Develop a method for the review and payment of invoices and monitoring expenditures against the individual budget for each waiver participant that meets all Internal Revenue Service and Department of Labor (IRS-DOL), Medicaid, State, and DMRS requirements and is consistent with generally accepted accounting principles. The FA will ensure these methods and activities are consistent with DMRS' Prior Authorization System.
 2. Receive, review, and process all invoices from both individual/self employed service providers and service provider agencies providing a wide range of services to the waiver participant. The FA will handle on-going staffing costs, individually approved, and reimbursed expenses. DMRS will have input and approve the design of the invoice used to capture data from service providers. The FA will only pay for services authorized in the approved ISP as outlined in DMRS policies and procedures.
 3. Establish the accounting and information systems necessary for processing and paying providers as specified in the waiver participant's ISP and service authorizations and establish the reporting functions and the internal controls necessary to track and manage these functions in an effective and timely manner.
 4. Obtain documentation from the waiver participant or the waiver participant's guardian/conservator to ensure that services were provided prior to payment of invoices. Documentation requirements should be in the least cumbersome format possible with reasonable accommodations made for individuals with special needs.
 5. Review/resolve invoice discrepancies; when an invoice from a waiver participant who is self-directing, or the waiver participant's guardian/conservator is in excess of the waiver participant's authorized individual budget and/or amount of services contained in the approved ISP. The FA will not pay the "Authorized Amount of

Payment" on that invoice and shall notify DMRS, the waiver participant or the guardian/conservator, and the DMRS case manager.

6. Prepare proper tax documents for individual service providers. If the direct service provider is an individual, not affiliated or employed by another agency, the waiver participant may be interested in entering into an employment relationship with the provider. In addition, if not affiliated, criminal background checks and abuse, neglect, and exploitation registers no more than 365 days old on individuals must be obtainable and available. In that case, the FA would assure the proper withholdings and prepare appropriate tax documents for the provider.
7. Maintain a resource manual of available competency-based training that the individual direct service provider will use to meet DMRS training requirements.
8. Payment of invoices from waiver recipients when appropriate. If a service provider is a licensed agency and chosen by the waiver participant to provide services, then that agency is required to provide all the necessary training, and invoice the waiver participant. In turn, the waiver participant or their guardian/conservator will invoice the FA for payment.
9. Invoices for payment to service providers. Each waiver participant may have several providers to pay for services rendered. Invoices will be submitted monthly in accordance with the waiver participant's ISP.
10. Guarantee a seven (7) day turn around time for processing of invoices and payment to service providers on behalf of waiver participants, consistent with DMRS's reimbursement schedule.
11. Meet applicable insurance requirements.
12. Develop and implement the internal controls necessary to track and manage the record keeping, payroll, and bill paying functions to maintain efficiency, accuracy and timely compliance and to identify independent provider, agency provider, and other provider fraud and abuse activities.
13. Provide the waiver participant or the waiver participant's guardian/conservator with the information and materials required for them to carry out self-determination and waiver participant service management, including procedures for approving payment for services and obtaining necessary payroll and employment information.

A.2. Communication with Waiver Participants. The Contractor shall communicate effectively with waiver participants who are culturally diverse and may have a variety of disabilities and with the waiver participant's guardian/conservator that may also be culturally diverse. The Contractor shall use telecommunication devices for the hearing and speech impaired and shall hire bilingual (English/Spanish) customer service representatives and shall have the capacity to access interpreter services when needed. Any written information prepared by the Contractor for waiver participants or their guardian/conservator shall be approved by the DMRS, be provided in English and Spanish and any other language when 200 or 5% of participating waiver participants, whichever is greater, speak the same non-English language, written at the fourth grade level, and available in alternative formats (e.g., large print). The FA shall also have the capacity to access translation services when needed.

A.3. Training. The Contractor shall develop and provide training regarding individual rights and responsibilities of waiver participant managed services for waiver participants, guardians/conservators, and families.

- A.4. Transition/Closure. Waiver participants may request to be removed from receiving services through the FA and return to receiving services through the traditional provider system. Involuntary transfer from receiving services through the FA may occur under other circumstances as indicated in DMRS policy.
- A.5. Non Billable Activities. Federal regulations require that the Medicaid program ensure that payments made to providers do not duplicate payments for the same or similar services furnished by other providers or under other authority as an administrative function or as an integral part of a covered service. Payments made to providers cannot begin prior to approval of the ISP and Prior Authorization of these services.
- A.6. Records and Documentation. The Contractor shall:
- a. As applicable, prepare and maintain original and file copies of all forms and documents needed to comply with Federal, State and local (if applicable) payments of income, FICA and unemployment tax, workers' compensation insurance payments, and all other reporting requirements of employers for the required period of time.
 - b. Establish and manage a record keeping system for managing programs, waiver participant and independent service providers' files, and all required documentation. Establish and maintain the internal controls necessary to manage and maintain the record keeping system in an effective and timely manner.
 - c. Maintain sufficient records to document compliance with licensing, DMRS and Medicaid requirements. Each waiver participant must have a separate case record, which fully documents services for which Medicaid payments were processed.
 - d. Maintain and make available all projects, service recipient waiver participant, and independent provider documents, files and records for inspection and review by the DMRS at any time in a form and manner prescribed by the DMRS.
 - e. Provide waiver participant, independent provider, or Contractor related information, records and statistics to the DMRS when requested.
- A.7. Reports. The Contractor shall:
- a. Manage, track, and provide reports on the receipt and disbursement of funds on behalf of the waiver participants.
 - b. Provide the DMRS case manager and the waiver participant and/or their guardian/conservator with a monthly utilization report. The reports shall include the self-determination budget status, summary of the invoices that were processed for the waiver recipient during the past month, and shall include a list of any invoices that were received and are held/unpaid because they do not meet the allowable amount indicated in the individual budget.
 - i. The report shall be available in a hard copy format and electronically.
 - ii. DMRS will have input and approval into the design of the monthly report.
 - iii. Reports shall either be prepared using Excel software or prepared using data that can be exported to Excel. The Contractor may be asked to use State developed web-based systems in the future.
